Be ready for 2020

Annual Enrollment is your chance to choose the benefits that work best for you and your family.

After Annual Enrollment ends on Nov. 1, you won't be able to make any changes during 2020 unless you have a qualifying life event, such as having a baby or getting married.

WHAT'S NEW

Easier health account access

Starting Jan. 1, 2020, we're transitioning to an enhanced system called Smart-Choice Accounts, giving you a simpler way to manage all of your spending accounts.

You'll access Smart-Choice Accounts through the Benefits Service Center. The new experience, which replaces Your Spending Account (YSA), should make it easier to find:

- Your account balance
- Any actions you need to take
- Your recent activity and pending claims

If you have a current account, you will be mailed a Smart-Choice Accounts debit card in December which will replace your YSA debit card. As part of the transition, you'll be unable to process reimbursements from your remaining 2019 account balances Jan. 1-14, 2020. We'll share more soon so you'll know what to expect

Extended life event timeline

When life changes in the middle of the year, you may be eligible to make any needed changes to your benefits. Starting Jan. 1, 2020, you'll have up to 60 days to make any needed changes to your benefits and 31 days after that to submit any required documentation. See **page 32** for more.

WHAT'S NEW 6 TOC

DFW ConnectedCare

We're partnering with Baylor Scott & White Quality Alliance (BSWQA)—an integrated health care network that is part of Baylor Scott & White Health—to offer you a new kind of health care plan only available in the Dallas-Fort Worth (DFW) area.

DFW ConnectedCare exclusively uses the BSWQA network of more than 5,000 primary and specialty care providers, 50 hospitals, and more than 95 facilities, laboratory and imaging service providers—all conveniently located throughout the DFW area. In addition, BSWQA partners with select providers and facilities that include Methodist Health System, Cook Children's and Children's Health.

Your coordinated care is delivered exclusively by this network, and your primary care physician (PCP) acts as a quarterback for your care. But they're not a gatekeeper. Your PCP and all of your other BSWQA health care providers and facilities work together to understand your health care needs.

With this unique understanding of you, your care team is empowered to deliver coordinated care and robust in-network resources ensuring you get the right care at the right time. Check to see if your preferred provider(s) are in-network by visiting <u>dfwconnectedcare.com</u>.

As you decide whether this option is right for you and your family, read more details on <u>page 11</u> and in the plan's Summary Plan Description (SPD) on <u>my.aa.com</u>.

PLAN FEATURES

A lot to love

No deductible

You won't have to pay a large out-of-pocket expense before the plan starts sharing your costs.

Copays

With copays, you'll know how much you'll spend for most care.

Choice of providers

For the most part, this option provides access to only the BSWQA network within the DFW area, but BSWQA's footprint in DFW is sizable. Nearly 95% of team members living in the Dallas-Fort Worth area will have access to a PCP within 10 miles of their home.

Faster access

You'll have priority when making appointments with providers. Take advantage of same-day appointments, extended hours and onsite lab and imaging services.

Navigation and support

BSWQA's HealthAccess Center (similar to an Accolade health assistant) includes dedicated care managers who will assist with appointment scheduling, provider searches, where to go for care and billing questions.¹

Convenient care

Manage your health care needs, review your medical records, make appointments and see a doctor through telemedicine or eVisits, all with the myBSWHealth mobile app.

1 Accolade is not available for DFW ConnectedCare members, but that plan offers a similar service.

ELIGIBILITY

Who is eligible

As a U.S.-based team member, you are eligible for a wide array of benefits. You may also enroll your eligible dependents, including your:

- Spouse
- Dependent children up to age 26, or to any age if considered a disabled dependent.¹
- For Core option coverage, as well as dental, vision, and life and accident insurance, you may enroll your eligible domestic partner and domestic partner's children up to age 26, or to any age if considered a disabled dependent.¹

You will be asked to provide documentation for any newly enrolled dependents before their coverage can begin.

Are you married to another American team member?

You can enroll in medical, dental and vision coverage separately or as a dependent. Be sure to compare costs—it will cost more to be enrolled as a spouse than if you enroll as a team member. If you're already covered under your American spouse's coverage and want to be covered as a team member, call the Benefits Service Center.

¹ Refer to your <u>Summary Plan Description</u> for the details.

HEALTH CARE 8 TOC

Medical

You have these options to choose from.

PPO 80

Lower paycheck contributions

The lowest paycheck contributions of the PPOs, with the highest deductible and out-of-pocket maximum. For non-emergency hospital care, the plan pays 80% after the deductible until you reach the out-of-pocket maximum. Copays continue even after the out-of-pocket maximum is reached.

PPO 90

Middle of the road

Higher paycheck contributions balanced by a moderate deductible and out-of-pocket maximum. For non-emergency hospital care, the plan pays 90% after the deductible until you reach the out-of-pocket maximum. Copays continue even after the out-of-pocket maximum is reached.

PPO 100

Lowest out-of-pocket costs

The highest paycheck contributions, with a moderate deductible and lowest out-of-pocket maximum. Copays continue even after the out-of-pocket maximum is reached.

CORE

Comes with an HSA and provides domestic partner coverage

You'll pay the lowest paycheck contributions for this option, and it's the only one that comes with a tax-advantaged Health Savings Account (HSA). In this option, you can cover an eligible domestic partner.

DFW CONNECTEDCARE

Predictable costs and integrated care

There's no deductible with this plan, and you pay copays for most care and prescriptions. So your expenses are more predictable, but you must use in-network providers. DFW ConnectedCare is available only in the DFW area. Check the **eligibility map** to see if this plan is available to you.

(Available only in DFW area, and covers only in-network care unless there's an emergency)

FYI: DFW ConnectedCare

Before choosing this plan, consider these details.

Dallas-Fort Worth area only

Covered care is offered only by the BSWQA network in the DFW area. If you have covered dependents at college or living outside the metroplex, this option probably isn't right for you.

Traveling

If you're traveling outside the Dallas-Fort Worth area and need care, you have options, including telemedicine, eVisits, American's onsite clinics, CVS MinuteClinics and clinics operated by Walmart. Only urgent and emergent care while traveling outside the DFW area will be covered.

Network

In the DFW area, there is no coverage outside the BSWQA network unless you use an emergency room for a true emergency. If you or one of your dependents is under the care of a provider outside the BSWQA network and no other provider can lead that care, this option may not be for you. To find providers in the BSWQA network, visit **dfwconnectedcare.com**.

Network and claims administrators

In the **Core** and **PPO 80/90/100** options, BlueCross BlueShield or UMR is your network and claims administrator. In the **DFW ConnectedCare** option, your network administrator is BSWQA and your claims administrator is WebTPA.

NOTE: You pay the lesser of the copay/coinsurance or full cost for all prescription purchases.

- ¹ In the Core option you are responsible for the full cost of prescriptions until you reach your deductible.
- ² Copays do not count toward the deductible and continue after you meet your out-of-pocket maximum.

- ³ To avoid a penalty, you must use mail order or a Baylor Scott & White (in DFW), CVS or Safeway-owned retail pharmacy for maintenance and long-term prescriptions after the first three fills.
- ⁴ Copays count toward the out-of-pocket maximum.
- ⁵ If you select a brand-name when a generic is available, you pay the generic coinsurance plus the difference between the generic and the brand-name price.

Three ways to save

Sign up for low- to no-cost prescriptions

StayWell Rx, part of your Express Scripts prescription drug benefits, helps you save on eligible diabetes, high blood pressure and asthma medications, as well as supplies such as test strips and inhalers. You'll receive 90-day supplies of generic medications for free and brand-name medications for only \$15 when you use StayWell Rx. Learn how to enroll on my.aa.com.

Find in-network pharmacies

You can save money by using in-network pharmacies, which offer medications at negotiated (discounted) rates. Find one on the

Express Scripts website through my.aa.com.

Choose generics

You'll generally pay less for generics than brand-name drugs. Talk with your doctor about whether there's a lower-cost option for

your medication.

Pay less for 90-day prescriptions

For the lowest costs on long-term medications, fill your 90-day prescriptions by mail order or at a CVS (freestanding or located in Target) or Safeway-owned pharmacy-including any Safeway-owned chains such as Tom Thumb, Randalls and Vons, as well as a Baylor Scott & White pharmacy (in DFW).

Smart-Choice Accounts will replace YSA and make it easier to manage your HSA or FSA.

¹ See IRS Publications <u>502</u> and <u>969</u> for details.

Why consider the Core with HSA?

Pay less for coverage. For You Only coverage, the **Core** option's paycheck contributions are 72% less than the **PPO 100** option and 37% less than the **PPO 90** option.

HSA is yours forever. You never lose the money in your HSA. The funds roll over each year, and you can continue to use them for eligible expenses, even if you leave American or retire.

Save for retiree health care. Your HSA money goes with you into retirement, making it a smart long-term savings strategy.

Tax savings. An HSA is the only tax-free health savings vehicle. You won't pay taxes on your HSA contributions, including earnings and interest, as long as you use your HSA for eligible expenses.

Dollars on day one. When you enroll in the **Core** option and elect an HSA, we'll make all or part of your goal amount available to pay eligible expenses before your HSA is built up. The money is available starting Jan. 1, 2020.

- You Only: Up to \$1,000 of what you choose to contribute
- Family: Up to \$2,000 of what you choose to contribute

TAX SAVINGS 23 TOC

Dependent Care FSA

You can avoid taxes on money you set aside for eligible dependent day care expenses, up to:

- **\$5,000** per calendar year on a pre-tax basis if you are single or married and filing your tax returns jointly, or
- **\$2,500** per calendar year if you are married and filing separately.

Money in your Dependent Care FSA can only be spent on expenses necessary for you and your spouse to work or go to school full time. You can use your Dependent Care FSA for **dependents under age 13** who you claim on your federal tax return (or for whom you are the custodial parent, if divorced) and/or a spouse or dependent who is physically or mentally incapable of self-care and lives in your home for more than half the year. For complete details, see IRS Publication 503.

You may only be reimbursed up to the amount currently in your account at any time. If you leave American, you can submit claims for eligible expenses incurred through the last day of your employment. This account is administered by **Smart-Choice Accounts**.

Budget carefully! You forfeit any amount you don't use by March 15, 2021.

Transit Program

You can buy monthly commuter passes for bus and rail travel to and from work on a pre-tax basis. Participating in the Transit Program not only saves you money by lowering your taxable income, it helps the environment and buys you some 'me' time to listen to music or catch up on your reading.

The Transit Program is administered by Smart-Choice Accounts. Go to the **Benefits Service Center** and click on the "Transit Program" tile from the main page. Once there, click on "Let's Get Started" to order your Transit Products. You can manage or change orders on an ongoing basis—all online.

Submitting claims

Submit Dependent Care FSA claims to Smart-Choice Accounts **online** or through the Smart-Choice app. Download the app free from the Apple App Store or Google Play.

Life and accident insurance

American provides basic life and accidental death & dismemberment (AD&D) insurance coverage to eligible team members. You can also purchase insurance for yourself and your dependents. AD&D pays for a covered accident that results in paralysis, a loss of life, speech, hearing or sight and more.

Please refer to your Summary Plan Descriptions (SPDs) and certificates located on <u>my.aa.com</u> for limitations.

Child life insurance

If you are enrolling in child life insurance, you will be asked to designate your eligible child(ren). An eligible child is one of the following:

- Under the age of 26
- Deemed a disabled dependent (refer to the plan guides on <u>my.aa.com</u>)

If you are currently enrolled in child life insurance, you will be asked to confirm or add your eligible child(ren) during Annual Enrollment.

Disability insurance

American's disability insurance coverage replaces a portion of your income if you are unable to work for an extended period of time. You are eligible to elect long-term disability (LTD) coverage with American Airlines. Check your coverage options in the online enrollment system through my.aa.com and make any needed changes to be sure you are protected in the event of disability.

If you elect new or increase your coverage more than one level, you will be required to provide a statement of health (SOH). New or increased coverage will be effective when MetLife approves your SOH.

Salary-based benefit premium/coverage change

Coverages and paycheck contributions for salarybased benefits, such as disability and life insurance, are subject to change throughout the year based on changes to your benefits salary (which, in most cases, is your base salary), seniority and/or age. If you wish to decrease or cancel your coverage due to an increase in paycheck contributions, please contact the Benefits Service Center.

Review your beneficiary(ies) each year!

You can change your life and AD&D beneficiary in the

Benefits Service Center.

You can change your 401(k) beneficiary at **netbenefits.com/aa**.

ADDED BENEFITS

These benefit elections roll over from year to year, so once you're enrolled, you'll keep this coverage until you cancel it.

You can enroll in the Dental Discount Program even if you don't enroll in MetLife dental coverage. This program is not insurance. It provides access to 20% to 60% discounts at more than 70,000 dentists nationwide. If you think your expenses will exceed the maximum annual amount or won't be covered by your dental plan, you may want to consider both. About 30% of MetLife network dentists participate, so check the list of participating providers at AAaddedbenefits.com.

You pay your membership fees through payroll deduction.

Important notices

Summary of Benefits and Coverage

American Airlines is required to provide you the Summary of Benefits and Coverage (SBC) and the Uniform Glossary (UG). We've created a separate SBC for each of the self-funded medical benefit options that are effective on Jan. 1, 2020, and the UG applies to all of these options. You can use the SBCs and the UG as quick references for what benefits are available in each option and an explanation of terms used in benefit plans.

You can access the SBCs and UG from my.aa.com.1

Grandfathered plan status

The US Airways, Inc. Health Benefit Plan is comprised of the following medical plans: PPO 80/60, PPO 90/70, PPO 100/80, OOA 80, OOA 90, OOA 100 and Kaiser Permanente HMO. For purposes of this notice, the term "Plan" refers to all medical plan options listed above, except the Kaiser Permanente HMO.

The Plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the Plan is not required to include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan, and what might cause a plan to change from grandfathered health plan status can be directed to 888-860-6178

You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 866-444-3272 or dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.
