

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. If a discrepancy exists between this SBC and the [plan](#) provisions, the [plan](#) provisions govern.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, view the Summary Plan Description (SPD) at my.aa.com or contact us at 1-888-860-6178. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. Important Questions	Answers		Why This Matters:
	IN-NETWORK	OUT-OF-NETWORK	
What is the overall deductible ?	\$850/Individual \$2,550/Family	\$3,000/Individual \$9,000/Family	Except for preventive services and copayments , each member must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each member's deductible applies toward the family deductible . Once the family deductible is met, the plan will begin to pay for those members who have not reached their individual deductibles .
Are there services covered before you meet your deductible ?	YES	NO	This plan covers certain preventive services without cost-sharing and before you meet your deductible . Covered preventive services are listed at https://www.healthcare.gov/coverage/preventive-care-benefits/ . In-network preventive care , prescriptions and outpatient behavioral health / substance abuse are not subject to deductible / coinsurance . Out-of-network preventive care , prescriptions and outpatient behavioral health / substance abuse are subject to deductible / coinsurance .
Are there other deductibles for specific services?	NO	NO	There are no other deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$2,850/Individual \$7,550/Family (includes deductible)	\$9,000/Individual \$24,000/Family (includes deductible)	The out-of-pocket limit is the most you could pay in a year for covered services. Deductible , copayment , and coinsurance amounts DO count toward your out-of-pocket limit . In families of 3 or more members, if family out-of-pocket limit is met cumulatively, expenses are payable at 100% for all family members even if the individual out-of-pocket limits haven't been met by each member.
What is not included in the out-of-pocket limit ?	Contributions, balance-billing charges, penalties for non-compliance, and excluded expenses this plan does not cover.		Even though you pay for these expenses, they DO NOT count toward your out-of-pocket limit .
Will you pay less if you use a network provider ?	YES		This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , as you may receive a bill from the provider for the difference between the provider's charge and what your plan pays (balance billing). You can access in-network provider listings by visiting my.aa.com and click on your respective network/claim administrator, or call 1-877-235-9258 (Blue Cross Blue Shield of Texas) OR 1-800-826-9781 (UMR).
Do you need a referral to see a specialist ?	NO		You can see the specialist you choose without a referral .
